SKILLS

PROGRAMMING

• C • Java • Javascript

WEB TECHS

• Html • CSS • Bootstrap • TailWindCSS
• Express.js • Node.js

JAVA TECHS

• JDBC • SpringBoot • Swing
• Awt & Events

DATABASES

• MySQL • PostgreSQL • MongoDB

OTHERS

• Git • Linux • Problem Solving

AREA OF INTEREST

- Java Application Development
- Web Development

CERTIFICATIONS

- NPTEL - Programming in Java (Elite)
- The Complete Web Development BootCamp (63-hrs)
- Project Development Using Java (35-hrs)
- Business English Certificate (Preliminary)

EXPERIENCE

COGNIZANT | PROJECT INTERN

Jan 2023 - Jul 2023 | Chennai

- Developed and executed testing plans for the Microsoft Azure authentication project using Flask, resulting in 98% error-free authentication processes.
- Collaborated with a team of developers to enhance the user interface of the authentication system, leading to a 30% increase in user satisfaction ratings.

PROJECTS

BLOG APP

Aug 2023

- Produced a comprehensive blog application that secured a flawless track record in data retrieval and storage, setting a benchmark for efficiency and reliability and capable of handling 1000s of blogs. **Tech** : Express, Node.js, MongoDB, EJS

RECEIPE FINDER API

Jul 2023

- Created an intuitive recipe platform with search, filters, and detailed recipe information, enhancing user cooking experiences for over 10000 recipes. **Tech** : Html, CSS, Javascript, Cadamum API

E-SHOP

Jun 2023

- Launched and enhanced a mobile-responsive website, resulting in a 100% responsive to all portable devices **Tech** : Html, CSS, Javascript, Bootstrap

AIRLINE RESERVATION SYSTEM

May 2023 - Jun 2023

- Successfully managed the airline reservation system, facilitating seamless booking and cancellation processes for customers.
